Although the highest peak of the mountain range lies at only 487m, Phnom Kulen has much to offer visitors. The Cambodian people regard the site as the birthplace of the ancient Khmer Empire. King Jayavarman II claimed independence from Java there in 802 A.D.

As you approach, you will notice the enigmatic faces of former King Jayavarman VII looking in every direction. Your guide will take you to the Terrace of the Elephants, which served as a platform from where the King could welcome back his victorious army, and the Terrace of the Leper King, which holds detailed carvings winding along a narrow passageway that leads to the Baphuon complex.
